This is closed. I called her, and she really wanted TCEQ press officer. I handled it.

Subject: ITC incident

Good afternoon,

My name is Sheela Tobbene and I am a reporter at Bloomberg.

We are tracking the ITC terminal incident.

Does the EPA regulate such onshore terminals?

Do you have any history of the safety record for the ITC terminal specifically?

Have they had any violations this year or last year?

(We are seeing some 3rd reports in the past, but are not sure if those are accurate.)

Do you have any estimate of the total capacity of petroleum terminals along the Houston Ship Channel?

Your prompt response would be greatly appreciated.

Cheers,
Sheela
